Canadian Federal Pilots Association
130 Slater Street, Suite 330
OTTAWA, Ontario
K1P 6E2
Attention: Greg Holbrook, National Chairman

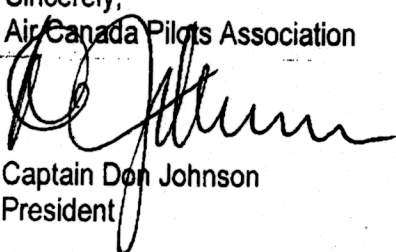

Dear Mr. Holbrook:

Thank you for your letter advising the Air Canada Pilots Association (ACPA) of the deteriorating state of contract talks with your employer and your subsequent move to commence job action.

It has always been ACPA's policy to offer assistance to our fellow pilots in situations such as yours. One form of support that may be of interest to your members is the use of Air Canada's jumpseat. Should any of your pilots be stranded away from home as the result of a strike, this would facilitate their return to home base. I would be happy to pursue this issue with my company, should the need arise.

Please convey to the members of the Canadian Federal Pilots Association ACPA's hope that you will be successful in negotiating a fair and equitable collective agreement with Transport Canada.

Sincerely,
Air Canada Pilots Association

Captain Don Johnson
President
