

AO Negotiations Update – July 4, 2011

Hello everyone,

Your negotiation team met with the employer negotiating team (Treasury Board and Transport Canada representatives) to resume negotiating on June 20th where we were informed by the employer that the accelerated discussions were not successful. On June 22nd the employer presented an expanded list of demands, and we provided the employer with a list of the CFPA's areas of interest. The employer requested time to study our areas of interest and requested we set dates for follow-up meetings in September.

The employer's demands were similar to those already presented with a few additions. We will continue to negotiate the best deal possible for our membership. For more information feel free to contact your CFPA representative or a member of the team.

Sincerely,

Your Negotiation Team,

Daniel Slunder
Greg Holbrook
Greg McConnell
Michel Brulotte
Yvan Turcotte
Philippe Morchain
Pete Firlotte
